

Project Name: Vertical Pier, Redcar

Architectural

Broadway Expanded Metal and Coburg 12-12-12-12 Architectural Wire Mesh installed at Redcar Vertical Pier as part of a wider seafront regeneration project.

The 80ft tower features 118 gold, silver and purple sheets, made from Broadway expanded metal, to create the effect of three brightly coloured ribbons wrapping around the entire structure.

	<p>Material: Broadway Expanded Metal</p>		<p>Material: Coburg 12-12-12-12 Spiral Wire Mesh</p>
