

## Project: South Beach Shopping Mall, Florida USA

# Architectural

**Gladstone PC 100/10 architectural mesh** installed as façade for a South Beach Shopping Mall, Florida USA.

The façades are fire-resistant, virtually maintenance free and do not require tensioning.

The reflective properties of the mesh provide for a wide range of aesthetic effects depending on the weather and light conditions.

The building is transformed in the evening by the installation of multi-coloured up-lighting.

Architect: Zyscovich Architects

**Material:**  
Gladstone PC  
100/10 Mesh
