

SUSTAINABILITY POLICY STATEMENT

We will endeavour to provide the following to all of our employees

- Economic security
- Improved lifestyle and working standards
- Awareness of the environment

In order to achieve these objectives we will aim to implement a sustainability business strategy which will focus on the following:

- Promote sustainable practices
- Provide continual education and training for all staff on sustainability issues
- Regularly monitor practises and performance
- Ensure management are fully compliant and supportive of all actions
- Support innovative approaches towards implementation of sustainability strategies
- Maintain management systems to assist with implementation of sustainability objectives
- Aim to use resources efficiently and to minimise waste, usage of water, energy and other consumables
- Work towards minimising carbon emissions and reducing pollution
- Move towards sustainable procurement of goods and services
