

Flash Architectural Wedge Wire

Specification

Wedge Wire Material	Aluminium
Wedge Wire Profile (w x h)	8.0 x 8.0 mm
Aperture (A)	From 8 mm to 50 mm
Support Rods	15 x 2 mm (not suitable for pedestrian use)
Framing	As required for application
Finish	Bare metal or Powder Coat (specify RAL No. for colour)

Flash wedge wire features a U shaped profile and is manufactured from Aluminium. This reduces overall weight whilst maintaining structural integrity.

Please note: The above information is a guide to the wide range of options available. Contact our sales team for help in selecting the correct product for your application.

Flash wedge wire grill is a Progress Architecture product, supplied and distributed in the UK and Ireland by Locker Architectural.

Locker is a UK based supplier of architectural wire mesh products certified to BS EN ISO 9001:2015. With comprehensive in house 3D design facilities we are able to offer a complete package from development of the architectural wire mesh specification through design, fabrication and delivery to site of the finished screens, ready for installation.
