

RoHS STATEMENT

Scope

This declaration applies to products supplied by Locker Architectural Ltd, including woven wire mesh, fabricated mesh components, expanded metal, screens, and associated metallic products manufactured from stainless steel, carbon steel, high tensile steel, aluminium, copper, brass and other metallic alloys.

Legislation

This declaration relates to Directive 2011/65/EU (RoHS 2) as amended by Directive (EU) 2015/863 (commonly referred to as RoHS 3), restricting the use of certain hazardous substances in electrical and electronic equipment.

Declaration

Based upon declarations and compliance information received from our approved raw material suppliers and manufacturers, the materials used in the products listed above comply with the substance restrictions of the above legislation unless otherwise agreed in writing for a specific application.

Restricted Substances

Restricted Substance	Maximum Concentration
Lead (Pb)	0.1%
Mercury (Hg)	0.1%
Cadmium (Cd)	0.01%
Hexavalent Chromium (Cr VI)	0.1%
Polybrominated Biphenyls (PBB)	0.1%
Polybrominated Diphenyl Ethers (PBDE)	0.1%
Bis(2-ethylhexyl) phthalate (DEHP)	0.1%
Butyl benzyl phthalate (BBP)	0.1%
Dibutyl phthalate (DBP)	0.1%
Diisobutyl phthalate (DIBP)	0.1%

Basis of Declaration

This declaration is based upon material specifications, supplier declarations and other compliance documentation provided by approved suppliers. Locker Architectural do not routinely undertake independent chemical analysis of every production batch unless specifically requested.

Limitations

This declaration applies only to the materials supplied at the date of issue and is provided in good faith using information available from our supply chain. It does not constitute a product-specific certificate of analysis unless separately provided.

A handwritten signature in black ink, appearing to read "A. Campbell". The signature is written in a cursive style and is enclosed within a simple rectangular box.
